Pastor Of The Presbyterian Church Assumes

His Duties And Preaches His First Sermon

At The Regular Morning Service On Sunday

The Congregation Hears An Eloquent Sermon

And Members Much Pleased With New Pastor

The congregation of the Presbyterian church of this city had on Sunday morning the first opportunity to see and hear their new minister, Rev. William A. Clemmer, late of Ashland, Pa., where he has just finished his first appointment. Rev. Clemmer is a man of very impressive speech and during his sermon on Sunday morning he expressed his heartiest thanks and appreciation that the local congregation had sent their call for him and said that he would do all in his power to come up to their expectations and

REV. W. A. CLEMMER
The New Pastor of the Presbyterian Church

make an earnest endeavor to do great good in the community. He stated that he wished to be very closely related to each and every one of the congregation in order that harmonious work can be done in the church. The sermon was to the point and very interesting and left an impression with the congregation that can be given only by a good man and one who is thoroughly capable of expressing his thoughts in eloquent language, which cannot be mistaken or misunderstood. The text taken by Rev. Clemmer on Sunday morning was from Romans, 12th chapter and the 21st verse.

"Be not overcome of evil but overcome evil with good." This was the text from which so many interesting and impressive facts were shown and made plain by Rev. Clemmer. In his many explanations and examples, he said that beasts and man conquer by force, but God conquers with love. This was the main thought of the morning, conquer with love and not with force. The instance was cited, when Hannibal set out to conquer Italy, his orders were to kill and cause desolation supreme to reign in the Roman camp and cities. This was done for a long time but the only satisfaction derived was that a fellow-being had been slain on earth,

but no divine good had been done and the results were only on earth. When force is used, it makes evil ten times as hard to conquer afterward as it does when no force is brought to bear on the evil.

"Let man fill his soul with good intentions and the lust of the flesh will gradually disappear and will not overcome him. Let evil tendencies of the child be overcome with love and nothing but good will result. Evil can be overcome permanently only in one way and that is by a continuous growth of that which is good and holy."

These are a number of thoughts which were brought out by Rev. Clemmer on Sunday morning and each and every one of them were explained and illustrated in the best possible manner. The sermon was very impressive throughout.

APPEAL

To Citizens For Contribution For Worthy Cause

To whom it may concern:

Commencing with the year 1881 it has been the custom of Joe Hooker Post No. 21, G. A. R. to contribute a sum of money for the purpose of purchasing Christmas presents for the children at the Ohio Soldiers and Sailors Orphan Home at Xenia, Ohio, but this year by reason of the loss of membership from death and from other causes, the post is not able to contribute as large a sum as usual, nor as large as we would like, and we make this appeal to the citizens of Mt. Vernon and vicinity for such small contributions as they may see fit to give; any sum from twenty-five cents up will be thankfully received by the Post Quarter Master, O. G. Daniels, at his office, No. 36 Monument square.

M. M. MURPHY,
Post Commander.

8. We are under state supervision and inspected by state officials.
9. Our securities are all non-negotiable first mortgages, which cannot be sold or hypothecated—securities which burglars cannot steal or anyone dispose of to advantage.

10. Under the law five per cent of our net profits is annually set aside to meet possible losses. This fund has become very large, some \$70,000, a great protection to depositors. We pay five per cent on time deposits.

ORDERS

Prisoner To Leave The County And Suspend Fine

Edward Bratz was arrested on Saturday evening on a warrant sworn out by Mike Dooley, charging him with assault and battery. Bratz was lodged in jail until Monday morning when he was arraigned before Mayor Mitchell to answer to the charge. He entered a plea of guilty and was given a fine of \$50 and costs and a sentence of thirty days in the Columbus work house. The fine and sentence were suspended provided that Bratz should leave the county by six o'clock Monday evening.

Kenyon Also Goes Down In Defeat

Some Football Scores Over The Country

The Mt. Vernon High school football team fared disastrously at Mansfield at the hands of the Mansfield High school team on Saturday afternoon on the latter's grounds. The score at the end was 31 to 0 in favor of Mansfield and at no time did the locals have a chance to score. The team left Mt. Vernon on Saturday morning with great hopes, although the fact was known that their opponents had a very heavy team and that speed and spirit were the prevailing features of the school. Not all of the Mt. Vernon players were eligible to play on Saturday afternoon and that is another reason that can be attributed to the defeat although the fact is that the Mansfield squad completely outclassed the locals. Teamwork, speed, weight and coaching were all clearly shown by the Mansfield team and the score was remarkably small, as large as it was, taking all things into consideration. The same trouble with the local team is apparent this year and that is the lack of confidence on the part of the green men who have never played a game away from home before. The line is made up of almost all new men but they have shown unexpected steadiness up until this time. The periods played on Saturday afternoon were of fifteen minutes duration and this was another thing which gave Mansfield more time to roll up the score on their smaller and weaker opponents.

The local team was accompanied by a good crowd of rooters but this could not win the game by any means and a defeat was the result. The Mt. Vernon men did not complain of bad treatment at the hands of the officials or the players but stated that their defeat was due entirely to their own weakness. Captain Englehardt and Half Back Altenberger played the best game for the Mt. Vernon team.

The line up and summary:

Kenyon Also Lost

Cleveland, Oct. 24—Kenyon Saturday failed to harm Western Reserve, though dangerous all the way. Reserve won, 18 to 0. Time after time Kenyon advanced the ball close to Reserve's goal line and twice was turned back on the five-yard line.

Reserve scored in the second period, after Bowle had failed a field goal in the first period. Lind kicked a goal from placement, Bonfield making a fair catch on the 35-yard line. In the third period, Mowery blocked a punt and Rafferty ran half the length of the field for a touchdown. In the final quarter, Kagy made a touchdown after a 35-yard run. Lind once more kicked, after a making a fair catch, this time on the 20-yard line.

EXPERT ENGINEER

Is Arthur C. Wolfe, Democratic Nominee For County Surveyor

In Arthur C. Wolfe, Democratic nominee for county surveyor, the people have the opportunity of securing a highly competent and well qualified engineer for that responsible office. The title of the office, "County Sur-

ARTHUR C. WOLFE

veyor," is somewhat of a misnomer. Years ago when the office was created by the legislature it was given the then proper name of surveyor, as about all the duties devolving were surveying and which did not require a high order of ability or much experience. But in more recent years, under modern methods and conditions, there is a vast amount of public work to be done that requires expert engineering knowledge and experience by the man who now fills the office of county surveyor, and Arthur C. Wolfe fully measures up to the important requirements in the particulars mentioned. He is a son of Fred C. Wolfe, the brick manufacturer, and graduated from the Mt. Vernon high school nine years ago and immediately entered the Ohio State University at Columbus, taking the engineering course, and graduating in 1905. During the past five years he has been engaged in the work of an engineer. From all this it will be seen that he has superior qualifications for the office and will be of great value to the county commissioners in connection with all public work.

SPLENDID

Success Was Membership Campaign Of Y. M. C. A.

The Total Membership Reached Five Hundred

As 190 Members Were Added During Campaign

Cards For New Members To Be Issued At Once

Some Notes Of Interest From The Y. M. C. A.

The campaign for new members of the Young Men's Christian Association met with splendid success. The canvassers early saw that they would not be able to reach their slogan, 600, but determinedly set themselves for the 500 mark. With but 414 Saturday morning it was evident that there would have to be some hustling during the day, and the men never let up until after 10 o'clock at night. When the efforts closed 493 had been reached with a number of the workers not heard from, these men have reported more than enough to make the

total number over 600. This is the largest number of members that the association has ever had and all of the committeemen and directors are very much encouraged. This gives the association the very finest opportunity for the season and a force of workers that will assure much better things for the future. There is no doubt many more young men and boys who would like to become members of the association and the membership committee will endeavor to get in touch with them.

Aside from the success of numbers there were many other splendid features of the campaign. Most of the men who joined during this canvass are privilege-using members, those who will take an active part in the work. Also there are a large number who have never been members before. On Saturday night, Andy Mullin, captain of the Cooper team, and the star campaigner, sprung a surprise upon the other workers by taking President B. B. Williams into the gymnasium and presenting him to practically every foreman of the Cooper shop who had become members of the Association as a compliment to Mr. Williams. This made a total of 43 men secured from the Cooper shop. This is without question one of the finest things that has ever come to the association, for it brings into active relation with the work just the men needed to make the association of the greatest possible service to the community.

These people purpose to arrange a foreman's bowling league to roll once a week. The association will at once get out the membership cards and arrange for the men and boys to secure their physical and medical examinations, and will make every possible effort to get all the new members into active touch with the work.

Chairman Dowds wishes in this way to express his hearty appreciation to all those who have worked so splen-

dly for the interests of the association.

On Wednesday evening the glee club will meet for the first rehearsal; all men who sing are cordially invited to meet Mr. Kelly at this time. The "First Aid to the Injured" books have arrived and the regular work will be continued Thursday evening at 8:30 under the leadership of Dr. Singrey.

The Bible study yesterday afternoon was the best yet, Mr. Black's presentation of the character and strength of John, the Baptist, was a great inspiration. There will be special effort made for the meeting next Sunday.

Quick climatic changes try strong constitutions and cause, among other evils, nasal catarrh, a troublesome and offensive disease. Sneezing and snuffing, coughing and difficult breathing, and the drip, drip of the foul discharge into the throat—all are ended by Ely's Cream Balm. This honest remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases yield to treatment in a short time. All druggists, 50c, or mailed by Ely Bros., 56 Warren street, New York.
